6. ADDENDUM FOR EAST CAMPUS HOUSES/VILLARD STREET HOUSES

6.1. Lead Warning Statement

Housing built before 1978 may contain lead-based paint. Lead from paint, chips, and dust can pose health hazards if not taken care of properly. Lead exposure is especially harmful to young children and pregnant women. Before renting pre-1978 housing, landlords must disclose the presence of known lead-based paint and lead-based paint hazards in the dwelling. Tenants must also receive a federally approved pamphlet on lead poisoning prevention.

For many years, University Housing has been applying lead-free paint to its apartments and houses, however the underlying paint is known to have lead. All East Campus houses were built prior to 1978 and are known to contain lead-based paints. Many of the painted surfaces have been sampled and have been identified as having lead. Do not saw, sand, grind, puncture, or disturb any surface. Residents who live in East Campus housing built prior to 1978 will also receive: (1) any records or reports available pertaining to lead-based paint and/or lead-based paint hazards in the underlying Unit; and (2) a lead paint disclosure addendum.
